Re: Mayville Industrial Park

Dear Mr. Timothy Sadowski:

We have reviewed the bids for the Mayville Industrial Park Earth work that the Village has solicited. After reviewing the bids, and discussing the project with the low bidder, we feel that they have incorporated the full intent of the project scope in their bid.

It should be noted that the final plan drawing, which was not used for soliciting bids, has elevations and grades which may require less than the bid amount of material to be relocated. This difference should be minimal. This can be credited to the village from the contractor if the difference is deemed significant.

We find no reason not to award this project to MacFarlane Excavating with the bid amount of \$9,760.00.

If you have any questions or comments, please contact our office.

Very truly yours,

Civil Engineering Consultants, Inc.
