Caro, MI 48723

March 30, 2009

Mayville Village Council
Mr. Tim Sadowski, Village Manager
P.O. Box 249
Mayville, MI 48744

Dear Mayville Village Council:

The Tuscola County Brownfield Redevelopment Authority board is pleased that the Limited MDOT Environmental Review has been confirmed by U.S. Environmental Protection Agency under Tuscola County Hazardous Material Grant

As of March 24, the Tuscola County Brownfield Redevelopment Authority has authorized AKT Peerless Environmental Services to perform the environmental review at the proposed Mayville Industrial Park in Mayville.

Tuscola County Brownfield Redevelopment Authority and the Tuscola County EDC boards are very excited that the Petroleum and Hazardous grants approved for Tuscola County by the US EPA is being used to create and retain jobs in Tuscola County and especially in the Mayville area. Hopefully, this step will be a catalyst for much future growth in the Mayville Industrial Park.

Sincerely,

A handwritten signature in black ink, which appears to read "Jim McLoskey". The signature is fluid and cursive, with a long horizontal stroke at the end.

Jim McLoskey, Director
